I chose to study at IESEG because I was impressed at how well the university ranks. The experience changed me for the better. I made friends with people from all over the world, friends that I still speak with almost every day even from the other side of the world! Thanks IESEG for not just an experience that met my expectations, but one that exceeded them.

IÉSEG gave me a diverse, yet memorable experience. I was able to encounter professors from all over the world, and they brought with them a lot of inspiring insights and unique teaching styles.

I got to immerse myself into cultural diversity while interacting with other exchange and local students for group projects. The International Club of IÉSEG was also very welcoming and provided us with local buddies to introduce us to French culture and practices.
