

# Course form to fill in (2019-2020)

### Course title:

Managing Innovation

## Staff responsible for the course:

Emmanuel DAUPHINÉ

### Lecturers:

First Name + Name Emmanuel DAUPHINÉ

### 1) COURSE PRESENTATION

#### Aims:

Draw up a list of competencies and/or skills that the student should have acquired or improved at the end of the course.

You must fill in the field under the format "the student should be able to..." using action verbs such as define, realise, control... (This description should not take more than ten lines)

## At the end of the course, the student should be able to:

- Understand the different typologies of innovation
- Analyse the main internal and external sources of innovation
- Explain the main challenges of managing innovation
- Create managerial strategies to shape the innovation process.

#### Prerequisites:

You must not write courses' codes or names, but identify the preliminary skills as the knowledge or the know-how needed to efficiently follow this course.

Write it out in terms of knowledge and methodologies required to follow this course (this would help students from direct entry to position themselves). (This description should not take more than five lines)

#### Course contents:

Here, an abstract of the course can be given or the different chapters of the course can be simply written down.

(The description should not take more than ten lines)

This module is intended to provide students with practical skills to understand, evaluate, create, and ultimately manage effectively the innovation process within an organisation

### 2) WORKING LOAD
